Dear Foundation Friends and Family,

I am proud to present our 2016 Donor Report as your Chair of the Academy of Nutrition and Dietetic Foundation. We have changed lives and made a difference with hundreds of Academy members. That is why I volunteer and donate. Hundreds of members each year receive scholarships, awards, fellowships and research grants through the Foundation. Members of all ages, backgrounds and skill sets. Thousands more participate in our public education programs like Kids Eat Right Future of Food, utilizing Foundation resources to take these programs into their communities.

I am proud to be your Chair of the Academy of Nutrition and Dietetics Foundation. Our Annual Donor Report recognizes and celebrates the generosity of our donors and the great work of our Foundation.

**Scholarships**
The Academy Foundation is the largest provider of dietetic scholarships in the world providing $1.6M over the last 3 years to more than 1,000 deserving Academy members students at all levels of study.

**Awards**
Through our Awards program, Academy members have a chance to make a difference and advance the dietetic profession. More than $350,000 has been awarded to recognize and support the great achievements of Academy members over the last 3 years.

**Research**
Academy Foundation research grants elevates the registered dietitian’s profile to the public by continuing to position the Academy and its members as the nutrition experts. More than $357,000 was granted to members last year through the Foundation’s research efforts.

Public Education Programs—Kids Eat Right and Future of Food

Our Public Education Programs bring the expertise of RDN’s and Academy members into schools and throughout communities, creating awareness and delivering education and resources today that will create a better future for all.

Our Kids Eat Right program is committed to promoting a healthy today and tomorrow for our children while our Future of Food program works to raise awareness of food insecurity and promote access to healthy food and quality nutrition education in food banks.

Over the last three years, $186,950 has been awarded in mini-grants to 918 Academy members to deliver nutrition education programs that have reached 61,150 kids and adults.

Our Foundation is the only charitable organization devoted exclusively to promoting nutrition and dietetics. Although affiliated with the Academy, the Foundation is an independent 501 (c)(3) public charity and does not receive any portion of member dues. The success and impact of our programs and services are directly attributed to the generous support of our donors. Which have helped the Foundation become a catalyst for Academy members and the profession to come together to improve the nutritional health of the public.

The generosity of our donors never ceases to amaze me and the dynamic Academy members making an impact on the health and nutrition world through Foundation scholarships, awards, and research are truly inspiring and make my job extremely rewarding. On behalf of the thousands of students, nutrition and dietetics practitioners, and children who benefit from the Academy Foundation’s initiatives, thank you for your generosity and helping make 2016 a huge success. We can all be proud of OUR Academy Foundation!

Sincerely,

Jean Ragalie-Carr, RDN, LDN, FAND
