ACADEMY OF NUTRITION AND DIETETICS FOUNDATION

2018–2019

Donor Report
Dear Foundation Donors, Recipients, Volunteers and Friends,

As the 2018-2019 Chair of the Academy of Nutrition and Dietetics Foundation, I’m proud to present our 2019 Donor Report. As you make your way through this report, you will read all the ways our Foundation makes an impact on our fellow Academy members, the profession and the health of the general public. You will also be able to hear from Foundation Scholarship, Award, Grant and Fellowship recipients through some of our latest videos that show all the ways your donation made a difference in their lives and how they are making a difference throughout the profession through your support.

Our Donor Report recognizes our donors and celebrates the Foundation’s accomplishments. Our Foundation is the only charitable organization dedicated exclusively to our profession, supporting nutrition and dietetics. Although affiliated with the Academy, the Foundation is an independent 501(c)(3) public charity and does not receive any portion of member dues. The success and impact of our programs and services are directly attributed to the generous support of our donors.

Your support is helping our Foundation to fulfill our Mission, to empower current and future food and nutrition practitioners to optimize global health, through our programs. The dynamic individuals who are serving in fellowships, have received a scholarship, or have been granted support through our disaster relief efforts are truly inspiring, and made my job extremely rewarding in my last year as Chair of this dynamic organization. On behalf of the thousands of students, nutrition & dietetics practitioners, and children who benefit from the Academy Foundation’s initiatives, thank you for your generosity and helping make our 2018-19 year a huge success. We can all be proud of OUR Academy Foundation!

Sincerely,

Martin M. Yadrick, MS, MBI, RDN, FAND
2017–2019 Academy of Nutrition and Dietetics Foundation Chair
Scholarships
Our Foundation invests in the current and future generation of food and nutrition practitioners as the world’s largest provider of dietetic scholarships at all levels of study. Last year, our Foundation provided more than $563,000 to 518 deserving Academy members and students at all levels of study.

Awards and Research
Through our Awards and Research programs, Academy members have a chance to make a difference and advance the dietetics profession. Academy Foundation research grants elevate the registered dietitian nutritionist’s profile to the public by continuing to position the Academy and its members as the nutrition experts. Our Foundation provides dietetics awards and grants to our members that encourage them to grow as professionals and achieve excellence in new and developing areas of food and nutrition. Last year, our Foundation provided more than $112,418 in Awards to 93 Academy members and $160,500 in research grants to fund 16 Academy members and their work.

Fellowships
Our Foundation is excited to be collaborating with the Academy of Nutrition and Dietetics’ Research, International, and Scientific Affairs (RISA) team and other stakeholders and partners to create and offer fellowship opportunities for current and future credentialed food and nutrition practitioners at all career levels that advance each fellow’s skills, knowledge, and visibility, hone the fellow’s expertise, and advance the Foundation’s and Academy’s strategic plans.

Public Education Programs—
Kids Eat Right and Future of Food
Our Public Education Programs bring the expertise of RDN’s and Academy members into schools and throughout communities, creating awareness and delivering education and resources today that will create a better future for all.

Our Kids Eat Right program is committed to promoting a healthy today and tomorrow for our children while our

Megan Farris & Lisa Piazza, MS, RDN, LDN express their thanks for Foundation scholarships.

Brittany Jarrett RDN
Foundation Research Grant Recipient Brittany Jarrett, RDN, and Mary Abbott Hess Award winner Lauren Haska MS, RDN, share their stories.

Marie Spiker, MSPH, RDN, and Courtney Bliss, MS, RDN, CNSC, share their fellowship work.
Future of Food program works to raise awareness of food insecurity and promote access to healthy food and quality nutrition education in food banks.

**Disaster Relief Efforts**
The Academy Foundation Disaster Relief Fund was established to support the personal and professional life-rebuilding efforts of Academy members and other nutrition and dietetics professionals and students who have been affected by disasters. Over the last few years, $122,425 has been provided to help 87 nutrition and dietetics practitioners and students during their time of need.

**Second Century Member Campaign**
In honor of its 100-year anniversary in 2016, the Academy and Academy of Nutrition and Dietetics Foundation underwent a comprehensive and intensive strategic planning process to chart a new vision for the future, grounded in an extraordinary commitment to collaboration, a focus on service and an emphasis on accelerating the progress towards solving the greatest food and nutrition challenges of the 21st century. The process engaged both internal and external stakeholders, to identify issues, set priorities and develop plans of action to help shape the future direction. At the completion of this process the Academy and Foundation set a new shared Vision and kicked off the Second Century Member Campaign to raise funds that will address the challenges and priorities identified in the Second Century process.

**Shared Vision:** A world where all people thrive through the transformative power of food and nutrition.

The Academy and Foundation kicked-off its Second Century Member Campaign at FNCE® of 2016, with an Academy member goal of $5M. Since then, Academy leaders, members, affiliates, DPGs and MIGs have been stepping up to support the campaign with significant gifts. Gifts to the Second Century Member Campaign impacts in the future of the profession and supports strategic priorities such as sustainability, hunger and malnutrition. More info on these efforts and a full list of donors can be found [here](#).
